## PROFESSIONAL SUMMARY

Early-career energy efficiency professional with experience in data analysis, program coordination, and policy research across state agencies and nonprofits. Skilled in managing and analyzing data to support energy efficiency and demand response programs, communicating complex technical concepts to diverse audiences, and coordinating across internal stakeholders and program partners. Committed to advancing decarbonization and grid modernization goals through technically rigorous, collaborative work.

## EDUCATION

### MS: Urban Informatics (Climate & Resilience)

Sep '25 - Dec '26

Northeastern University | Boston, MA

GPA: 3.83/4.0

### BA: Public Health | Minors: Environmental Studies, Social Policy, Legal Studies

May '25

Brandeis University | Waltham, MA

GPA: 3.86/4.0 (Magna Cum Laude)

## PROFESSIONAL EXPERIENCE

### Office of Energy Transformation Fellow

Jan '26 - Present

Executive Office of Energy & Environmental Affairs | Boston, MA

- Developing and streamlining statewide CRM data integration tools to track program stakeholders across Massachusetts municipalities, supporting program coordination and performance monitoring
- Leading and organizing community outreach across Massachusetts to gather feedback from diverse stakeholders and program vendors, strengthening coordination across citizen, business, and contractor groups
- Drafting reports and presentations for the Decarbonizing the Peak working group, synthesizing technical information on demand response, battery storage, and grid modernization to inform policy development for internal and external stakeholders

### Energy Efficiency Intern - Community Solutions

Sep '25 - Dec '25

Northeast Energy Efficiency Partnerships | Boston, MA

- Designed outreach tools and materials, including a single-page website template, to make energy coaching programs more accessible and easier for communities to adopt across over 40 Massachusetts municipalities
- Researched federal and state tax incentives for heat pumps, energy efficiency, and electrification upgrades, building knowledge of beneficial electrification policy, program incentive structures, and state-level energy efficiency programs including MassSave

### Undergraduate Research Fellow

Jun '23 - Dec '24

Boston University School of Public Health | Boston, MA

- Co-authored a peer-reviewed publication, *Indoor Air Quality in Multi-Family Housing: Drivers and Interventions*, examining drivers of poor indoor air quality in multi-family housing and potential interventions, drawing connections between weatherization, energy efficiency, and resident health outcomes.

### Intern - Equity in the Clean Heat Standard

Jun '24 - Oct '24

Massachusetts Department of Environmental Protection | Boston, MA

- Collected and cleaned data from nearly 50 regulated energy providers (MLPs and IOUs) across Massachusetts to support large-scale analysis of rate structures across the state's energy infrastructure
- Analyzed utility rate data in Excel alongside census information to identify geographic and demographic patterns
- Drafted analytical summaries and policy briefs to inform Clean Heat Standard regulatory development

## ADDITIONAL EXPERIENCE

### Community Advisor (Resident Assistant)

Jan '23 - May '25

Brandeis Department of Community Living | Waltham, MA

- Served as direct point of contact for over 50 residents, addressing concerns with professionalism and sound judgment
- Managed on-call emergency responsibilities including lockouts and safety incidents under pressure
- Coordinated community programming and outreach for hundreds of students across multiple communication channels

## KEY SKILLS

**Technical:** Excel, Word, PowerPoint, SharePoint, Outlook, ArcGIS, QGIS, R, Stata, Python, Canva, Google Suite, Slack, Tableau

**Soft:** Written and Oral Communication, Stakeholder Engagement, Facilitation, Policy Research and Analysis, Program Coordination, Attention to Detail, Sound Judgment, Time Management, Adaptability

**Language:** Spanish (Listening & Reading: Intermediate, Speaking: Beginner)

## AWARDS & FELLOWSHIPS

Eli J. & Phyllis N. Segal Citizen Leadership Program

Health Effects Institute Environmental Health Fellowship
